# CRIME IN WASHINGTON STATE - 2006

## SUMMARY

- RATE OF INDEX CRIME -** Index crimes in Washington State totaled 306,347 for 2006, constituting 48.2 offenses per 1,000 persons. This represents a decrease of 7.2% in the index crime rate over 2005.
- POPULATION -** \*\*The estimated population in Washington for 2006 was 6,375,600 as compared to 6,256,400 for 2005. This represents a 1.91% increase.
- VIOLENT CRIME -** Violent crime offenses are murder, forcible rape, robbery, and aggravated assault. Reported violent crime offenses totaled 21,842 for 2006. The violent crime rate per 1,000 persons for 2006 is 3.43, which is a decrease of 0.89% compared to 2005. While simple assault can be violent, it is not generally serious in nature therefore is excluded from the categorization of violent crime for this publication.
- PROPERTY CRIME -** Property crime offenses are burglary, larceny, motor vehicle theft, and arson. Reported property crime offenses totaled 284,505 for 2006. The property crime rate per 1,000 persons for 2006 is 44.7, which is a decrease of 9.4% compared to 2005.
- VALUE OF PROPERTY STOLEN AND RECOVERED -** Property valued at \$407,053,429 was reported stolen in 2006. Of this amount, \$171,050,755 or 42.0% was recovered. The value of property stolen shows a decrease of 0.2% over 2005.
- NUMBER OF LAW ENFORCEMENT OFFICERS KILLED OR ASSAULTED-** In 2006 there were two law enforcement officers killed feloniously and one law enforcement officer killed accidentally while in the line of duty. A total of 1,021 law enforcement officers were assaulted during the year. Assaults on officers decreased 7.2% when compared to 2005 with 1,100 officer assaults reported for that year.
- RATE OF CRIME CLEARANCES -** There was a 16.1% clearance rate for all index crimes reported in 2006. The clearance rate for 2005 was 16.4%.
- ARRESTS -** A total of \*255,812 arrests were made in 2006 constituting an increase of 2.9% over the year 2005.
- DRUG ABUSE ARRESTS -** There were \*30,352 reported drug abuse arrests. Of this number, 9.8% were persons under 18 years of age.
- DUI ARRESTS -** A total of \*37,897 arrests were made for DUI, which constituted 14.8% of the total arrests reported in 2006. This percentage represents the arrests of 37,126 adults and 771 juveniles.

\*See page 32 for a list of agencies that are unable to report arrest data.

**LAW ENFORCEMENT  
EMPLOYEES -**

In 2006 there were 14,687 full-time law enforcement employees in the State of Washington. Of these, there were 10,445 commissioned officers, which is an increase of 1.4% over 2005.

**DOMESTIC VIOLENCE -**

There were 49,980 domestic violence offenses including simple assault and violation of protection/no contact orders. This was a decrease of 7.1% over 2005. A total of 242 law enforcement agencies participated in this data collection.

**HATE/BIAS CRIME -**

There were 174 reported hate bias crime incidents by 271 participating law enforcement agencies. This represents an increase of 1.8% over 2005. Of the 174 incidents, there were 218 hate/bias offenses. It is important to remember that there can be more than one offense within a single incident. Of 271 reporting agencies, 215 reported that there was no hate crime activity in their jurisdiction.

2006 Population Trends for Washington State

## **ACKNOWLEDGMENTS**

**CRIME IN WASHINGTON STATE 2006** was compiled from data submitted to the Washington Uniform Crime Reporting program of the Washington Association of Sheriffs and Police Chiefs by Washington State Law Enforcement agencies during 2006. Coverage is 99.7% of the state population.

This report would not be possible without the voluntary cooperation of Washington State's law enforcement agencies. Additionally, input and guidance from the Washington Association of Sheriffs and Police Chiefs WUCR/NIBRS Committee is gratefully acknowledged.

## INTRODUCTION

This is the twenty-eighth annual report of criminal offenses, arrests, law enforcement officers killed or assaulted, and full-time law enforcement employees produced by the Washington Uniform Crime Reporting Program (WUCR). Funding for WUCR is provided by a contract agreed upon with the Washington State Criminal Justice Training Commission (CJTC). Administration of WUCR is the responsibility of the Washington Association of Sheriffs and Police Chiefs (WASPC). WUCR is unique in that it is the only state UCR program which is sponsored, administered and supported by an organization of contributing agency administrators, rather than a bureau or department of state government.

### WASHINGTON UNIFORM CRIME REPORTING PROGRAM

Although the impetus for collecting nationwide crime information dates back to the 1890's, no ongoing program was initiated until the committee on uniform crime records of the International Association of Chiefs of Police (IACP) was established in 1917. This committee's responsibility to provide management information to law enforcement agencies was eventually turned over to the Federal Bureau of Investigation (FBI) in 1930, when the FBI received a congressional mandate to collect and disseminate national crime information. The IACP has continued to serve the Uniform Crime Reporting Program (UCR) in an advisory capacity and has been joined in this responsibility by the National Sheriffs Association.

Data for **Crime in Washington State 2006** are compiled from monthly Summary UCR reports submitted by individual law enforcement agencies throughout the State of Washington. WUCR was activated in October 1979 and began the collection of monthly reports from contributing agencies in January 1980. At the present time, the UCR program is operated on a semi-annual and computerized basis. The computer program is designed to provide automated data input processing and provides various programs that are necessary for statistical purposes in the criminal justice system.

### OBJECTIVES OF WASHINGTON'S UCR

Increasing attention has been focused on the problem of crime in our communities in recent years. Because of this attention, many segments of our population need more complete information for a variety of reasons.

Citizens are understandably concerned about the possibility of becoming victims of crime but may not know what the real probability is. Law enforcement professionals, managers and administrators who must focus on crime in their own jurisdictions, also need to know what is occurring in surrounding jurisdictions in order to deploy personnel and equipment more efficiently to protect citizens and bring criminals to justice. Legislators need statewide information about crime in order to pass realistic laws that will increase the stability of our society. Researchers and planners need to know what is actually happening to predict trends and recommend changes.

The objectives of **Crime in Washington State 2006** are to implement and administer a uniform system of

collecting crime and arrest statistical data from contributing law enforcement agencies in the State of Washington and present the information needed by each of these groups. This information will not in itself prevent crime, but it may encourage segments of society to understand the problem and to work together with law enforcement agencies to reduce crime. Additional objectives of **Crime in Washington State 2006** when compiled and evaluated are:

1. To identify the number of crimes reported by contributing agencies.
2. To identify the geographical distribution of reported offenses.
3. To determine whether or not reported crimes have increased or decreased.
4. To determine whether or not reported crimes have increased or decreased by population groups.
5. To determine the number of clearances and the clearance rate for reported offenses.
6. To determine the reported number of arrests by charge, age, sex and race.
7. To determine the number of law enforcement officers assaulted and killed.
8. To determine the number of commissioned (sworn) and civilian law enforcement employees by sex.
9. To determine the rate per population group of commissioned (sworn) and civilian law enforcement employees.

### **CRIME FACTORS**

Care should be taken in drawing conclusions and making decisions about problems based solely on crime and arrest data that is reported to WUCR. Factors relating to crime reporting practices, law enforcement policies, population characteristics and attitudes all contribute to variation in reported data. Some general factors which may affect the amount of crime reported and type of crime committed are:

1. The density and size of the community population and of its surrounding area.
2. The variations in composition of the population, particularly to age.
3. The economic status, education and recreation characteristics of the community population.
4. The stability of population with respect to residents' mobility, commuting patterns, and transient factors.
5. The climate, including seasonal weather conditions, and other geographical variations.
6. The religious characteristics of the population.
7. The effective strength of law enforcement agencies.
8. The policies of other components of the criminal justice system (i.e., prosecutorial, judicial, correctional and probational).
9. The attitude of the public toward law enforcement problems.
10. The crime reporting practices of the citizenry.
11. The administrative and investigative follow-up of the local law enforcement agency, including the degree of adherence to crime reporting standards.

## **WUCR STATISTICAL INTERPRETATION**

Statistics are a tool used to summarize information so that patterns or trends become clearer. All statistics must be interpreted with an understanding of just what it is that they can say. Too often, numbers of the type in this report are used incorrectly to draw conclusions that the statistics simply do not support. In order to avoid this error, it is necessary to know what information is included and how it is reported.

To obtain accurate information from many different agencies, the national UCR program has to precisely define the methods for counting the number of offenses, arrests, clearances and value of stolen or recovered property. The methods of counting and some resulting limitations are explained below.

### **Classification of Offenses**

Summary UCR divides offenses into two major classifications which are designated Part I and Part II offenses. This distinction is important to keep in mind because different information is collected for each. Part I offenses include (1) violent crimes: murder and non-negligent manslaughter, forcible rape, robbery, and aggravated assault; and (2) property crimes: burglary, larceny-theft, motor vehicle theft and (since January, 1979) arson. These reported Part I offenses comprise the FBI crime index. All other offenses are classified under Part II offenses. Part I offenses are used to calculate the crime index and crime rate.

All offenses are classified on the basis of law enforcement investigation in accordance with UCR offense definitions (which are not necessarily identical to the revised code of Washington definitions). Because WUCR identifies and tallies a police problem, offense classifications are not based on the findings of a court, medical examiner, jury or other judicial findings.

### **Counting the Offenses**

The number of offenses is counted only for Part I crimes and simple assault. The method of counting varies with the type of crime committed, and it is important to remember that the number of offenders does not determine the number of offenses.

For murder, non-negligent manslaughter, forcible rape and aggravated assault, one offense is counted for EACH VICTIM, regardless of the number of offenders involved.

For robbery and larceny, one offense is counted for EACH DISTINCT OPERATION that is separate in time and place. The number of victims in any one operation does not determine the number of offenses. For example, if 20 people are robbed in a bar at the same time, only one offense has occurred. However, if that robber leaves the bar and holds up a passerby, a second offense has occurred. For burglary, one offense is counted for each structure that is illegally entered. However, when the structure is an apartment house, business, or office building in which units are leased for a period of time, one offense is counted for each unit burglarized.

For motor vehicle theft, one offense is counted for each vehicle stolen.

**NOTE:** Attempts to commit any of the crime index offenses are counted as actual offenses, except that attempts to kill and assault to kill are counted as aggravated assaults.

For multiple offenses that occur in one crime incident, only the most serious offense is counted. Part I crimes are ranked according to seriousness and appear in order from most serious to least serious crimes. Example: a robber takes a man's wallet and then beats him causing serious injury. Both a robbery and an aggravated assault have occurred, but because robbery is considered by UCR to be more serious, only the robbery is counted. This is known as the **HIERARCHY RULE**. From one perspective, this method of counting seriously understates the crime problem, but from another, it prevents undue inflation of crime statistics.

**NOTE:** 1. Arson is an exception to the above rule and is counted separately from other offenses.  
2. The number of offenses is not reported for Part II offenses.

### **Arrests**

Arrest information is collected for all Part I and Part II offenses according to the age, sex and race of the offender. It is not possible, however, to correlate race with sex or specific ages because the information is collected independently, thus limiting analysis. Furthermore, arrest figures cannot be directly related to the number of crimes cleared because the arrest totals count all offenders arrested for each offense, and clearance-totals count only the offense for which an arrest or arrests have occurred.

### **Clearances**

An offense is considered cleared (solved) when at least one offender is arrested for a crime, even though several may have been involved. Offenses may also be cleared by exceptional means when the offender commits suicide, makes a dying declaration, confesses while in custody or serving time for another crime, is prosecuted in another jurisdiction for the same offense, is a juvenile who is handled by notifying the parents, or when the victim refuses to prosecute or another jurisdiction refuses to extradite the offender, etc.

Clearances are counted as "adult" and "juvenile". A "juvenile" clearance is counted only when juveniles are exclusively involved in the clearance of an offense. If the arrest of both adults and juveniles result in a clearance, it is counted as an "adult" clearance.

**NOTE:** Not all crimes are cleared within the calendar year in which the offense occurs.

## **Information Grouping**

The crime statistics reported by an individual agency indicate what is happening in one particular area, but to make rational comparisons among a number of jurisdictions, communities with similar characteristics need to be grouped together. It may be important to know how a city compares with cities of similar size, or how patterns of crime differ in various types of communities. Grouping agencies with similar characteristics allows these determinations to be made. Aside from being merely interesting, such comparative analysis provides the basic information for long-range criminal justice planning.

WUCR groups jurisdictions on the basis of population size in this report, and if any types of comparisons are to be made the reader should also consider what types of communities are being compared. Grouping by population size considers only the population of the reporting area. It does not consider proximity to a major metropolitan area in spite of the fact that widely different crime patterns could be expected in a city of 30,000 which is a suburb of Seattle or Tacoma and one which is in a rural area. In this report, grouping by population does not take into account the urban/suburban/rural character of the area, and includes a wide range of populations in each category. For use in interpreting this report, the WUCR grouping systems are listed below:

### **POPULATION GROUPINGS - CITIES, TOWNS AND SHERIFFS DEPARTMENTS**

<b><u>GROUP</u></b>	<b><u>POPULATION</u></b>
1	over 250,000
2	100,000 to 250,000
3	50,000 to 100,000
4	25,000 to 50,000
5	10,000 to 25,000
6	5,000 to 10,000
7	2,500 to 5,000
8	under 2,500

## CRIME INDEX

The crime index is a basic measure of crime which can be used for comparing the extent of crime among cities, counties and states of similar size. The index is simply the total number of certain offenses that occur in a given area in a given calendar period (usually quarterly and annually). The offenses are murder, forcible rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft and arson.

The offenses were selected as indicators of the total amount of criminal activity because they are serious offenses that are the focus of widespread concern. They occur with sufficient frequency to reflect fluctuations in the overall level of criminal activity. They are most likely to be reported and reported accurately, to law enforcement due to their seriousness. They are offenses that can be clearly and specifically defined. Notwithstanding its usefulness, the index does have limitations.

The relationship between the index offenses and total criminal activity, both reported and unreported, has never been firmly established. The varying severity of offenses is not taken into account, resulting in equal weight being given to a shoplifting and a forcible rape. Furthermore, the actual incidence of crime in a city may not be accurately depicted by the index if the majority of the city's crime involves non-index offenses such as gambling and narcotics.

## CRIME RATE

The crime rate is based on the index, but adjusts the index for variances in population by indicating the number of index offenses for each 1,000 persons (other base population increments may be used such as the number of index offenses per 100,000). This means, that comparisons may be made among several areas with different populations, or within one area with different populations over a period of time, without the information being biased by population differences. For most general comparisons, the crime rate is probably the most accurate to use.

To calculate the crime rate, first divide the population of the area by 1,000, and divide the crime index by that answer. For example, if a city has a population of 273,000 and a crime index of 21,257 the calculations would be:

1. 273,000 divided by 1,000 = 273.0
2. 21,257 divided by 273.0 = 77.86

Thus, although the city's crime index is 21,257, its crime rate (the number of crimes for each 1,000 people) is 77.86.

## **FUTURE CHANGES IN CRIME REPORTING**

As mentioned earlier, the data included in this report is comprised of Summary UCR data. While this data is of value, it is limited in details that may be more useful to law enforcement agencies, legislators, researchers, and others. Since additional facts are generally collected by most law enforcement agencies in today's computerized world, the National Uniform Crime Reporting program was redesigned to include new guidelines and greater depth to the data. The program—National Incident-Based Reporting (NIBRS)—collects a multitude of data on each single crime occurrence.

In December 2006, after many years of participating in the testing process that is required to officially collect and submit accurate NIBRS data, Washington State was certified by the Federal Bureau of Investigations. At this time, the state program is working with local law enforcement agencies to provide a better understanding of NIBRS to ensure accuracy and data quality. There is already a small percentage of agencies that are providing NIBRS data. Eventually, Washington State will provide NIBRS crime statistics rather than Summary data for all reporting agencies.

The additional information will far exceed what is currently available. NIBRS collects data on each single incident and arrest within 22 offense categories (Group A offenses) made up of 46 specific crimes, rather than the 8 offenses collected in Summary reporting. For each of these reported offenses, various facts about the crime are collected. Additionally, there are 11 separate offenses, or Group B offenses, for which only arrest data is provided.

The Group A offenses collected in the NIBRS program are: Arson; Assault; Bribery; Burglary; Counterfeiting/Forgery; Drug Offenses; Embezzlement; Extortions; Fraud; Gambling Offenses; Homicide; Kidnapping; Larceny; Motor Vehicle Theft; Pornography Offenses; Robbery; Forcible Sex Offenses; Non-Forcible Sex Offenses; Possession of Stolen Property; Vandalism; and Weapon Law Violations.

Group A offenses include statistical data on the incident, all offenses committed, property involved, weapons involved, victim and offender demographics, arrest information, and clearance status.

Group B offenses, for which only arrest data is collected are: Bad Checks; Curfew/Vagrancy Violations; Disorderly Conduct; Driving Under the Influence; Drunkenness; Non-Violent Family Offenses; Liquor Law Violations; Peeping Tom; Runaway; Trespass of Real Property; and All Other Offenses (non-traffic).

The following pages are just a few samples of the types of data that NIBRS can provide. They are examples only and do not represent an actual dataset.

## NIBRS Data

## Example Only – Not Actual Data Set

### Relationship of Victim to Offender for Violent Offenses

Relationship	Agg. Assault	Simple Assault	Forc. Fondling	Forc. Rape	Intimidation	Kidnaping	Robbery	Grand Total

## LAW ENFORCEMENT CODE OF ETHICS

**AS A LAW ENFORCEMENT OFFICER**, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

**I WILL** keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

**I WILL** never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

**I RECOGNIZE** the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

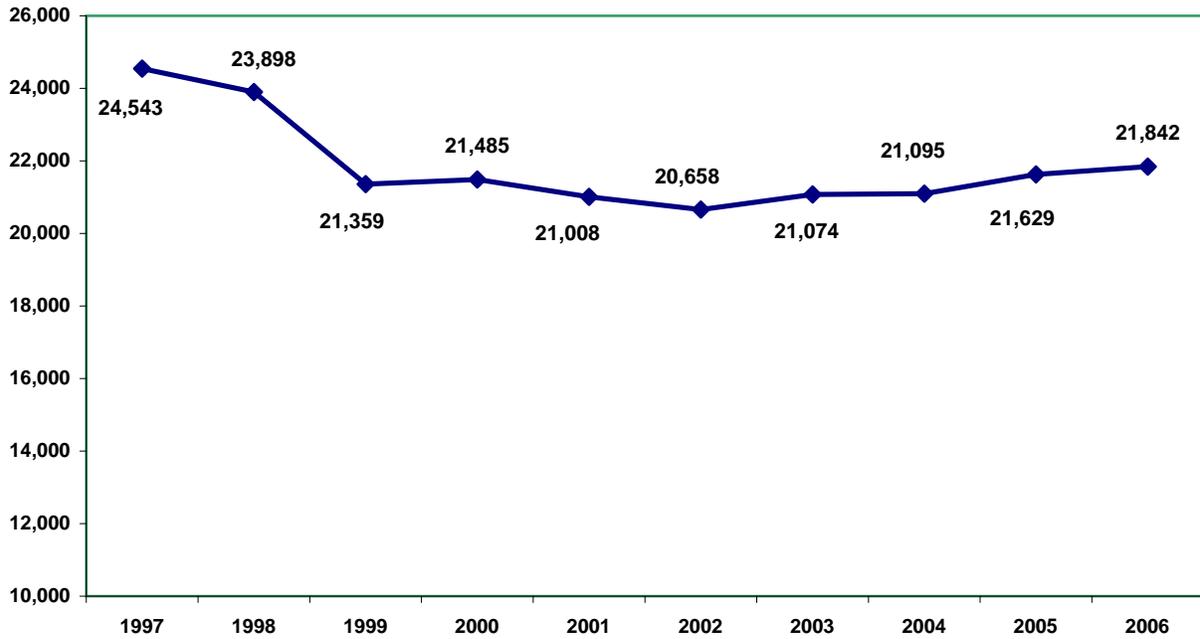

**I KNOW** that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

**I WILL** constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...law enforcement.

# Law Enforcement Officers Assaulted 1997 - 2006

## Law Enforcement Officers Killed or Assaulted

Law enforcement officers may become victims of assault as a consequence of their occupations. The Uniform Crime Report addresses all assaults on officers, which involve more than mere verbal abuse or minor resistance to an arrest.

In 2006, two law enforcement officers were feloniously killed and one law enforcement officer was accidentally killed in the line of duty in the State of Washington.

In 2006, contributing agencies reported 1,021 officer assaults with 21.6% of the total assaults resulting in personal injury to the officer. The type of activity in which an officer was most likely to be assaulted was responding to disturbance calls, which accounted for 31.8% of the total officers assaulted. Other activities of significance were: Attempting other arrests, 18.9% of the total; investigating suspicious persons or circumstances, 10.9% of the total; traffic pursuits and stops, 9.8% of the total; and handling or transporting prisoners, 7.4% of the total. During 2006, police assaults were cleared (by arrest or exceptional means) 89.6% of the time.

Hands, fists, and feet were the primary weapons used in 80.4% of the total assaults, followed by other dangerous weapons (not a knife or firearm), 14.1%; firearm, 3.6%; and knife or cutting instrument, 1.9%. The type of assignment in which most assaults occurred was a one-officer vehicle assisted, resulting in 514 assaults or 50.3%, followed by one-officer vehicle alone, with 241 assaults or 23.6%. During a 24-hour period using 8-hour shifts, 8 p.m. to 4 a.m. reflected the most assaults, 550 assaults, or 53.9% of the total. The fewest assaults occurred between 4 a.m. and 12 p.m., 160 or 15.7%.

These facts show that officers stand the highest risk of assault when responding to disturbance calls between the hours of 8 p.m. and 4 a.m., in a one-officer vehicle. The offender is most likely to use his hands, fists, and feet as a weapon.

**Washington Association of Sheriffs and Police Chiefs**

***In Memoriam***

*Officer Joselito A. "Lito" Barber*

*Seattle Police Department*

On August 13, 2006, Officer Joselito Barber was on routine patrol in the Central District. While entering an intersection on a green light, a speeding SUV ran the red light and collided into his patrol car. Officer Barber was transported to Harborview Medical Center where he succumbed to his injuries.

A recent graduate of the police academy, Officer Barber was commissioned as an officer on January 31, 2006. Officer Barber is said to have enjoyed his job as a police officer and had stated that joining the Police Department was a realization of his goals.

Officer Barber is survived by his fiancée Amber; Mother and Step-Father, Lorna and James; Father and Step-Mother, Earnest and Mitzi; and brothers and sisters: Jasmine, James Jr., Jonathan, Jon and Emily.

**Washington Association of Sheriffs and Police Chiefs**

***In Memoriam***

*Deputy Sheriff Steve E. Cox*

*King County Sheriffs Office*

On December 2, 2006, Deputy Steve Cox and other deputies had responded to a shooting in the southwestern part of White Center. As deputies were questioning people at a nearby house party, Deputy Cox was interviewing a person in the back of the house when he was fatally wounded by gunfire. Two deputies responding to the gunfire were fired upon but were able to return fire, fatally wounding the suspect. Deputy Cox was transported to a nearby hospital where he succumbed to his wound.

Prior to coming to King County Sheriff's Office, Deputy Cox was a Deputy Prosecuting Attorney of Franklin County, WA. Only 46 years of age, he was a nine-year veteran of the King County Sheriff's Office.

Deputy Cox is survived by his wife Maria, son Bronson and step daughter Nicole.

**Washington Association of Sheriffs and Police Chiefs**

***In Memoriam***

*Officer Edwanton A. (Eddie) Thomas*

*Brier Police Department*

On September 12, 2006, Officer Thomas had been sent to a location to assist paramedics with a combative patient who was suffering from a medical emergency. When Officer Thomas arrived at the scene, the patient began to struggle with him. Officer Thomas depressed the emergency button on his radio and was able to handcuff the suspect. When backup officers arrived they found Officer Thomas unconscious next to the suspect.

Officer Thomas, 28 years of age and a 9 month veteran of Brier Police Department; had also served at Edmonds Police Department, Quinault Police Department, Evergreen State College Police Department and Sauk-Suiattle Police Department in his six years in law enforcement. Officer Thomas was also a member of the U.S. Coast Guard Reserve.

Officer Thomas is survived by his father, Eddie Thomas; mother Diane Thomas; sisters, Kayla and Michelle; brother, Michael, and his long-time companion Rita, and her children, Joshua and Madeline.

## Washington State Hate Crime Trend 1997 - 2006

Number of  
Incidents

# Hate Bias

## Introduction

---

In response to the passage of the Hate Crime Statistics Act of 1990, the Washington State Legislature directed every law enforcement agency within Washington to report hate bias offenses to the Washington Association of Sheriffs and Police Chiefs.

FBI reporting guidelines and forms are used and the data is forwarded to the FBI for inclusion in the national statistics. In keeping with the Washington State Malicious Harassment Act, two additional motivational categories were added for our state: anti-disability (physical, mental, sensory), and anti-gender (male and female). Hate crime offenses with an anti-handicap or anti-gender motivation are not forwarded to the FBI.

Determining the prevalence of hate crime is an important responsibility for the entire law enforcement community. Tremendous interest has been shown by the general public, law enforcement agencies, legislative bodies, human interest groups, and others relative to the collection of hate crime data.

The commitment of Washington State law enforcement is the key to the success of Washington State's hate crime data collection program. Without law enforcement's active participation in the collection of these statistics, this report would not be possible.

## Hate Crime Definition and Methodology

---

The Washington State Hate Crime Malicious Harassment Act defines hate crime as criminal offenses that manifest evidence motivated by the offender's bias against the victim's race, religion, ethnicity, sexual orientation, disability or gender.

Because of the difficulty of ascertaining the offender's subjective motivation, bias is reported when the law enforcement investigation reveals sufficient objective facts to lead a reasonable person to conclude that the offender's actions were motivated, in whole or in part, by bias.

Hate crimes are not separate, distinct offenses, but rather traditional crimes motivated by the offender's bias. The eleven offenses collected in the Hate Crime reporting program are the eight Index offenses (murder, forcible rape, robbery, aggravated assault, burglary, larceny-theft, motor vehicle theft, and arson) plus simple assault, intimidation, and vandalism. Words alone do not constitute an offense unless the context or circumstances surrounding the words indicate the words are a threat. Threatening words do not constitute an offense if it is apparent to the victim that the person does not have the ability to carry out the threat.

A hate crime incident can involve more than one offense, victim, and/or offender. For counting purposes, one offense is counted for each victim of a crime against a person, and one offense is counted for each distinct incident of a crime against property, regardless of the numbers of victims.

Following a calendar quarter, law enforcement agencies submit a Hate Crime Incident Report for each bias-motivated incident and a summary report for the quarter. If there were no hate crime incidents during a quarter, the agency still reports the summary that will show there were no hate crime incidents.

## 2006 HATE BIAS CRIME

---

### Volume

During 2006, 174 bias motivated criminal incidents were reported by 271 law enforcement agencies in 39 counties. The 174 incidents involved 218 separate offenses, 248 victims, and 163 known offenders. It is important to remember that there can be more than one offense within a single incident.

	<u>2005</u>	<u>2006</u>	<u>% of Change</u>
<b>Reported Incidents</b>	171	174	1.8%
<b>Reported Victims</b>	245	248	1.2%
<b>Reported Known Offenders</b>	167	163	-2.4%
<b>Reported Offenses</b>	229	218	-4.8%

### Offenses

Crimes against persons comprised 57% of the 218 offenses reported during 2006. Vandalism of property was the single most frequently-reported hate crime among all offenses measured, accounting for 40% of the total. Following were intimidation, 24%; simple assault, 22%; aggravated assault, 11%; robbery, burglary, larceny, arson, totaling 3%. There were no reported offenses of murder, rape, or motor vehicle theft related to hate crime in 2006.

### Offense Comparison

<u>Offense</u>	<u>2005</u>	<u>2006</u>	<u>% of Change</u>
Murder	1	0	0.0%
Forcible Rape	0	0	0.0%
Robbery	1	2	100.0%
Aggravated Assault	17	24	41.2%
Burglary	2	1	0.0%
Larceny/Theft	2	1	-50.0%
Motor Vehicle Theft	0	0	0.0%
Arson	1	2	100.0%
Simple Assault	53	49	-7.5%
Intimidation	93	52	-44.1%
Vandalism	59	87	47.5%
<b>Total Offenses</b>	<b>229</b>	<b>218</b>	<b>-4.8%</b>

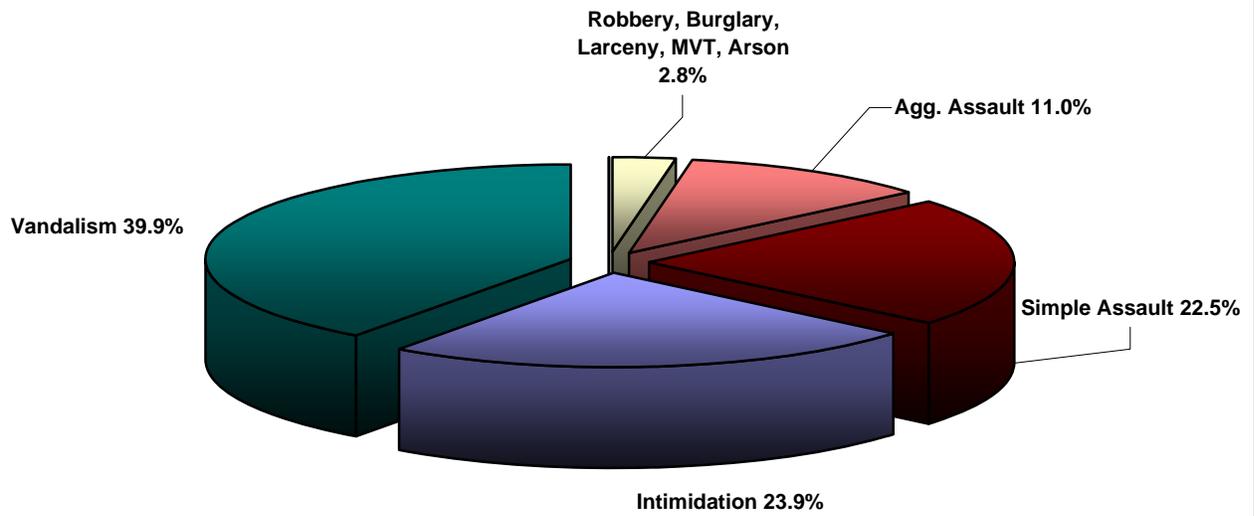

## Location

Residences/homes were the most frequent occurring location of bias crime in 2006. Following were highways/roads/alleys/streets, parking lot/garage, and school/college. The remaining incidents were widely distributed among other various locations.

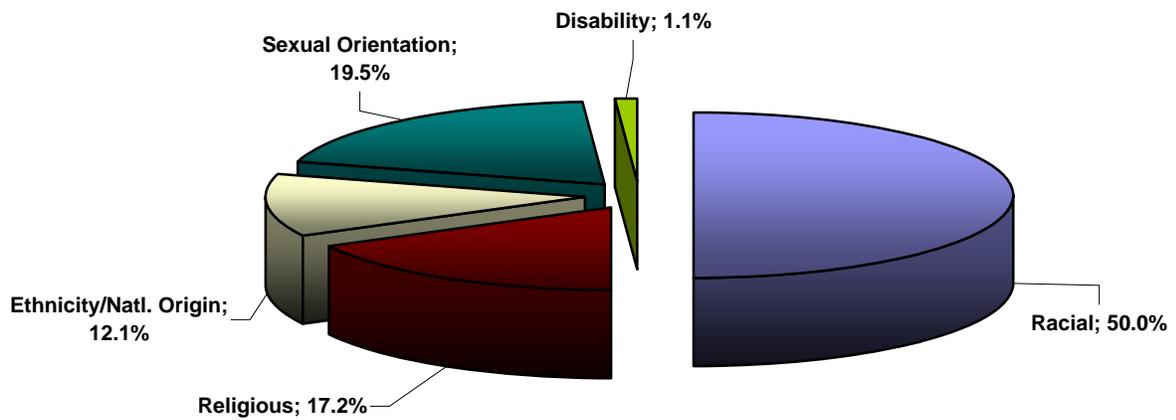

### Location Comparison

		<b>% of Total Incidents</b>
Air/Bus/Train Terminal	4	2.3%

# Washington Uniform Crime Reporting

## Glossary

---

**ACTUAL OFFENSE:**

An offense which law enforcement personnel confirm to have happened.

**ADULT:**

A person who is 18 years of age or older at the time of committing a crime.

**ALL OTHER OFFENSES:**

State and local offenses not otherwise specified.

**ARRESTS:**

The act of taking a person into custody by authority of law to charge him or her with a criminal offense. An adult arrest should be reported when a law enforcement officer detains an individual with the express intent of seeking charges against this person for a specific criminal offense(s) and a record is made of the detention.

**ARSON:**

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

**ASSAULT, AGGRAVATED:**

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm. All assaults by one person upon another with the intent to kill, maim, or inflict severe bodily injury with the use of any dangerous weapon are classified as aggravated.

**ASSAULT, SIMPLE:**

An unlawful attack or attempted attack by one person upon another in which no weapon was used and which did not result in serious or aggravated injury to the victim.

**BURGLARY:**

The unlawful entry of a structure to commit a felony or a theft.

**CLEARANCE:**

The solving of an offense by arrest, or in some circumstances, by exceptional means.

**CLEARANCE RATE:**

Percentage of the total crimes cleared compared to the number reported.

Example:

- a. Number of robbery clearances, 38
- b. Number of total robberies, 72  
Divide: 38 by 72 = .528  
Multiply: .528 X 100 = 52.8
- c. 52.8% clearance rate for robberies.

**CRIMES AGAINST PERSONS:**

Sub classification of the Crime Index, which encompasses murder and non-negligent manslaughter, rape, and aggravated assault.

**CRIMES AGAINST PROPERTY:**

Sub classification of the Crime Index, which encompasses robbery, burglary, larceny (theft), motor vehicle theft and arson.

**CRIME INDEX:**

Classification of eight offenses selected for their seriousness, frequency of occurrence, and likelihood of being reported. Includes murder and non-negligent manslaughter, rape, robbery, aggravated assault, burglary, larceny (theft), motor vehicle theft and arson.

**CURFEW AND LOITERING LAWS - PERSONS UNDER 18:**

Transgressions of curfew or loitering ordinances pertaining to juveniles.

**DISORDERLY CONDUCT:**

Committing or attempting to commit a breach of the peace. Includes affray, unlawful assembly, disturbing the peace, disturbing meetings, disorderly conduct in state institutions, blasphemy, profanity, and obscene language, desecrating the flag, and refusing to assist an officer.

**DRIVING UNDER THE INFLUENCE:**

The driving or operating of any vehicle or common carrier while drunk or under the influence of liquor or narcotics. This includes operating a motor vehicle, engine, train, streetcar, boat, etc., while intoxicated.

**DRUG ABUSE VIOLATION:**

Transgression of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs.

**DRUNKENNESS:**

Not applicable in Washington State, (except on Indian reservations).

**EMBEZZLEMENT:**

Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

**FORGERY AND COUNTERFEITING:**

All offenses dealing with the making, altering, uttering, or possessing with intent to defraud, anything false in the semblance of that which is true.

**FRAUD:**

Converting and obtaining money or property by false pretenses other than forgery or counterfeiting.

**GAMBLING:**

Promoting, permitting, or engaging in illegal games of chance.

**INCENDIARY:**

Involving a deliberate burning of property.

**JUVENILE:**

A person who is under the age of 18 at the time of committing a crime.

**LARCENY (THEFT):**

The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another or the attempt to do so.

**LAW ENFORCEMENT EMPLOYEE RATE:**

The number of employees per 1,000 inhabitants. Divide the jurisdiction's population by 1,000 and divide the number of employees in the law enforcement agency by this number.

**LIQUOR LAW VIOLATION:**

Transgression of any state or local liquor law except drunkenness and driving while intoxicated.

**MOTOR VEHICLE THEFT:**

The theft or attempted theft of a self-propelled vehicle that runs on the surface and not on rails.

**MURDER AND NON-NEGLIGENT MANSLAUGHTER:**

The willful (non-negligent) killing of one human being by another.

**PART I OFFENSES:**

Eight major offenses as defined in the Crime Index.

**PART II OFFENSES:**

All other crime classifications outside those defined as Part I.

**PROPERTY CRIMES:**

Sub classification of the Crime Index, which encompasses burglary, larceny (theft), motor vehicle theft and arson.

**PROSTITUTION AND COMMERCIALIZED VICE:**

Committing or attempting to commit sex offenses of a commercialized nature.

**RAPE:**

The carnal knowledge of a female forcibly and against her will. Rapes or attempts accomplished by force or threat of force are classified as forcible regardless of the age of the female victim.

**REPORTED OFFENSE:**

An act, which comes to the attention of law enforcement authorities as a possible offense.

**ROBBERY:**

The taking or attempting to take anything of value from the care, custody or control of a person or persons by force or threat of force or violence and/or putting the victim in fear.

**RUNAWAY:**

Protective custody of juveniles under local statute.

**SEX OFFENSES:**

Offenses against chastity, common decency, morals, and the like, other than forcible rape, prostitution and commercialized vice.

**STOLEN PROPERTY, BUYING, RECEIVING AND POSSESSING:**

Buying, receiving, and possessing stolen property or the attempt to commit such an offense.

**UNFOUNDED OFFENSE:**

An act reported to law enforcement authorities, which, upon investigation, proves to be false or baseless.

**VAGRANCY:**

Offenses of vagrancy, begging, loitering (adults), vagabondage and being a "suspicious character or person, etc."

**VANDALISM:**

The willful or malicious destruction, injury, disfigurement, or defacing of any public or private property, real or personal, without consent of the owner or person having custody or control, by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

**VIOLENT CRIMES:**

Sub classification of the Crime Index, which encompasses murder and non-negligent manslaughter, rape, robbery, and aggravated assault.

**WEAPON OFFENSES:**

Offenses and attempted offenses against weapons regulations. Includes manufacture, sale, possession, or carrying open or concealed deadly weapons or silencers; furnishing deadly weapons to minors; possession of deadly weapons by aliens.
